In the event that any of the information contained in these English translations is inconsistent with the information contained in the Japanese original document, the Japanese original document shall prevail.

Systems and Policies of the Company

In order to secure a system for properly and efficiently executing business and to ensure the reliability of financial reporting, the Company set out its “Fundamental Policy to Enhance Operational Compliance Systems” at the Board as follows:

Fundamental Policy to Enhance Operational Compliance Systems

(1) Systems to ensure that Members of the Board and employees carry out their duties in compliance with laws and regulations and the Articles of Incorporation

- (a) Members of the Board shall recognize that compliance is at the core of good management and shall faithfully comply with all compliance-related regulations, including the Action Guidelines for Taisei Personnel and the Taisei Group as a Whole.
- (b) The Company shall ensure that all officers and employees recognize their compliance-related obligations:
 - by implementing programs recommended by the Compliance Committee, such as strict disciplinary punishments for officers and employees found to have violated a law or regulation, enhancement of systems to prevent collusive bidding practices, and ensuring the effective operation of the Corporate Ethics Helpline; and
 - by promoting compliance education and encouraging internal audits (self-audits) at the department level.
- (c) The General Affairs Department shall guide the compliance-related activities of individual corporate bodies, and the Auditing Department shall ensure the effectiveness of internal audits by working closely with the individual corporate bodies.

(2) Structure to retain and manage information regarding the performance of duties by Members of the Board

- (a) The Company shall codify the rules and procedures concerning information and shall develop systems to appropriately manage all information belonging to the Company in order to appropriately record and retain information relating to the performance of the Members of the Board of their duties, to prevent any leakage or unauthorized use of such information, and to effectively use such information.

(3) Risk management rules and measures; and internal system

- (a) The Company shall develop systems to appropriately manage primary risks, including those relating to quality, safety, environment, compliance, information and profit and loss, in accordance with the Company's fundamental policy for development of risk management system.
- (b) The Company shall develop systems to manage the risks in the event of an emergency or a large disaster, including arrangements to ensure the continuation of business operations.
- (c) Each corporate body shall enhance its risk management business unit capacity by providing its members with risk management education and other programs.
- (d) The General Affairs Department will promote proper management of company-wide risks, and the Auditing Department will promote endeavors to continually improve the risk management system through internal audits.

(4) Systems to ensure the efficient performance of duties by Members of the Board

- (a) The Company shall encourage the swift and efficient management of operations by the Executive Officers by separating the business functions from the corporate decision-making and supervisory functions. In addition, the Company shall also enhance the decision making process of the Board by utilizing the committees within the Board to examine important issues prior to their submission at the meetings of the Board and consulting the External Members of the Board.
- (b) The Company shall develop and enhance the rules and procedures regarding the delegation of decision making and other powers to managers, to facilitate more efficient decision making and management processes, including with respect to the execution of duties and responding to changes in the managerial environment.

(5) Systems to ensure proper operation of group companies

- (a) The Company shall promote the establishment of rules in each group company regarding reporting requirements to the Company in accordance with the Company's fundamental regulations and operational guidelines concerning group operation.
- (b) The Company shall establish a risk management system in each group company, promoting the establishment of internal rules in each group company for its risk management with respect to quality, safety, environment, compliance, information, profit and loss and large-scale disaster and other major risks in accordance with the business characteristics of such group company.
In addition, the Company shall ensure the effectiveness of group company's risk management system through an internal audit by the Auditing Department and a group liaison meeting held by the Legal Department and other departments of each group company, promotion of risk management education in each group company, and provision of the group helpline amongst other things.
- (c) The Company shall assist, advise and collaborate in the business of each group company by clarifying the functions and roles of each company in the group, assisting each such group company to implement an organizational structure appropriate for its business characteristics and size thereof and utilizing the management resources in the group.
In addition, the Company shall hold group management meetings from time to time to facilitate communication among its group companies and promoting mutual understanding and cooperation with respect to issues related to technology, production, marketing and sale, transaction and other issues surrounding the group.
- (d) The Company shall share within the group its ideals (ongoing objectives and goals), spirit (respect for the opinions of all officers and employees in our group), and code of conduct (the fundamental principles of conduct for the organization and standards of behavior and decisions criteria which officers and employees in our group shall adopt and strictly comply with), and the Company shall also establish a compliance system, promoting the enhancement of internal rules appropriate for the business characteristics of each group company.
In addition, the Company shall ensure the effective operation of the compliance system of each group company through internal audits conducted by the Auditing Department and group liaison meetings held by the Legal Department and other departments of each group company, including the promotion of compliance education for each group company, and provision of the group helpline.

- (6) Systems regarding employee support of the Audit & Supervisory Board Members, the independence of such employees from Members of the Board and ensuring effective instructions from the Audit & Supervisory Board Members to such employees**
- (a) Audit & Supervisory Board Members and the General Manager of the Personnel Department shall discuss in advance assignments, transfers, evaluations and other issues regarding the staff of the Audit & Supervisory Board Members' Department, whose primary role is to assist the performance of duties by Audit & Supervisory Board Members.
 - (b) Each department shall properly perform its duties in order to ensure that staff of Audit & Supervisory Board Members shall effectively implement the instruction from the Audit & Supervisory Board.
- (7) System for reporting to Audit & Supervisory Board Members and preventing the adverse treatment of persons who make reports**
- (a) For the purpose of auditing the internal controls of the Company and each group company by Audit & Supervisory Board Members, the Company shall determine the matters that officers and employees of the Company and each group company, or any recipient of a report from such officer or employee of the Company, should report to the Audit & Supervisory Board Members, and shall establish the following systems:
 - 1) A system in which Audit & Supervisory Board Members can receive reports from officers and employees of the Company at any time;
 - 2) A system in which Audit & Supervisory Board Members can receive reports from officers and employees of each group company or a recipient of a report from such officer or employee; and
 - 3) A system in which the Audit & Supervisory Board Members shall receive reports of any violation of law or regulation by any officer or employee of the Company through the corporate ethics helpline and the group helpline.
 - (b) The Company shall establish a system to prevent any adverse treatment of a person who makes a report under the preceding paragraph based on the fact that he/she made such report.
- (8) Matters concerning policies regarding the allocation of costs arising from the performance of duties by the Audit & Supervisory Board Members and system to ensure that the Audit & Supervisory Board Members can effectively conduct the audit of the Company**
- (a) If an Audit & Supervisory Board Member claims costs arising from the performance of its duties, Members of the Board shall properly handle such claim in order to ensure the audit is effectively conducted.
 - (b) Members of the Board representing the Company and Audit & Supervisory Board Members shall facilitate their mutual understanding, through regular meetings, regarding the status of the audits conducted by Audit & Supervisory Board Members, and other important issues.
 - (c) The relationship among Audit & Supervisory Board Members shall be strengthened by measures such as:
 - Audit & Supervisory Board Members and General Manager of the Auditing Department shall exchange documents regarding the cooperation between Audit & Supervisory Board Members and the Auditing Department; and
 - The Auditing Department and Accounting Auditor shall have regular meetings with Audit & Supervisory Board Members.
- (9) Structure to ensure appropriateness of financial reports**
- (a) The Company shall develop internal controls sufficient to ensure the appropriateness of all financial reports.

Summary of Our Efforts under the Fundamental Policy to Enhance Operational Compliance Systems

(1) Efforts related to “Systems to ensure that Members of the Board and employees carry out their duties in compliance with laws and regulations and the Articles of Incorporation”

We provide the officers and employees of the Company with the training by e-learning to ensure that they comply with compliance-related regulations, including the Action Guidelines for Taisei Personnel and the Taisei Group as a whole. In addition, we issue Compliance News every month, which covers typical compliance issues, to raise the level of compliance awareness.

Following violations of Anti-Monopoly Act by Taisei Rotec Corporation, one of our subsidiaries, the Compliance Committee chaired by the external lawyer and the Board deliberated preventive measures through FY 2017, and based on proposals from the Compliance Committee, we have established the Rule for Application for Leniency and developed the in-house leniency system.

Furthermore, with regard to the Chuo Shinkansen Project, the Company and our counsellor were indicted on suspicion of violation of Anti-Monopoly Act in March 2018. We take this matter very seriously, and are reviewing measures such as further tightening of the rule relating to contacts with competitors which could lead to suspicion of violation of the relevant laws, and will implement those measures accordingly.

Regarding the corporate ethics helpline system, we have improved the system by expanding the scope of usage etc., and have been making continuous efforts to ensure that officers and employees are aware of and understand the system through Compliance News.

(2) Efforts related to “Structure to retain and manage information regarding the performance of duties by Members of the Board”

We have established the Basic Management Rules for Corporate Information and other regulations and make continuous efforts to ensure that the officers and employees of the Company understand the structure through education of information security by e-learning.

(3) Efforts related to “Risk management rules and measures; and internal system”

We have established the Risk Management Policy and other regulations, classify operational risks according to their levels of importance, have established a company-wide risk management system clarifying the departments in charge, and annually review the system. We also make continuous efforts to ensure that the officers and employees of the Company understand risk management rules and measures and internal systems through educational activities such as risk management training by e-learning.

In order to respond to emergencies and large-scale disasters, we have established the Policy on Business Continuity in Times of Disaster and other regulations and annually conduct large-scale disaster drills and e-learning in accordance with the policy and other regulations.

(4) Efforts related to “Systems to ensure the efficient performance of duties by Members of the Board”

We have enhanced the decision-making function of the Board by adopting the executive officer system, utilizing the committees within the Board and holding informal meetings for free discussion and exchange of opinion by the Member of the Board and the Audit & Supervisory Board Members.

To enable the Board to have meaningful discussions, the Secretarial Department, which serves as the secretariat of the Board, distributes materials or provides explanations prior to each meeting of the Board. In addition, we decide the date of each meeting of the Board at least six months in advance so that Members of the Board can make sufficient preparations.

(5) Efforts related to “Systems to ensure proper operation of group companies”

On the basis of our structure of values and policies including the Taisei Group Philosophy, we have been developing business ethics of the officers and promoting the establishment of systems for reporting from group companies to the Company, risk management systems, and compliance systems in accordance with fundamental regulations and operational guidelines concerning group operation and other regulations. We have also been promoting assistance, guidance, and cooperation related to the operations of each group company through internal audits, group management meetings, and group liaison meetings. In addition, we have improved the group helpline by expanding the scope of usage etc., and have been making efforts to ensure that the risk management and compliance systems of each group company are effective.

Furthermore, in Taisei Rotec Corporation, based on proposals from the Company’s Compliance Committee concerning violations of Anti-Monopoly Act, we have established the Rule for Application for Leniency, and developed the interdepartmental check system and in-house leniency system, and make efforts to raise awareness of compliance of the employees.

(6) Efforts related to “System to ensure that the Audit & Supervisory Board Members can effectively conduct audits of the Company”

In order to audit internal controls within the Company and each group company, we have established rules concerning matters that should be reported by the officers and employees of the Company, the officers and employees of each group company, and persons receiving reports from these officers and employees to the Audit & Supervisory Board Members. Under these rules, these officers, employees, and persons make reports to the Audit & Supervisory Board Members.

The Members of the Board who are Representative Directors, the Auditing Department, and the Accounting Auditor strive to enhance the effectiveness of audit, having regular meetings with the Audit & Supervisory Board Members to facilitate their mutual understanding.

The Audit & Supervisory Board Members’ Department, whose primary role is to assist with the performance of duties by the Audit & Supervisory Board Members, performs duties as instructed by the Audit & Supervisory Board Members.

(7) Efforts related to “Structure to ensure appropriateness of financial reports”

Through monitoring on a regular basis, we continuously check and evaluate whether the procedures for reducing risks of false financial reporting are effective. To ensure that the internal control systems for financial reporting are continuously effective, messages from President and Chief Executive Officer of the Company are provided to the officers and employees of the Company, and educational activities by e-learning are also provided to them.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Basis of Presenting Consolidated Financial Statements:

The accompanying consolidated financial statements of Taisei Corporation (the "Company") and its consolidated subsidiaries (collectively the "Group") have been prepared in accordance with the provisions set forth in the Japanese Companies Act and its related accounting regulations, and in conformity with accounting principles generally accepted in Japan ("Japanese GAAP"), which are different in certain respects as to application and disclosure requirements of International Financial Reporting Standards.

1. Principal Accounting Policies

(1) Consolidation

- ① The number of consolidated subsidiaries 31 companies

Main consolidated subsidiaries	TAISEI YURAKU REAL ESTATE Co., Ltd. TAISEI ROTEC CORPORATION TAISEI U-LEC Co., Ltd.
--------------------------------	---

- ② Main non-consolidated subsidiaries TOKYO ACADEMIC SERVICE Co., Ltd.
EHIME HOSPITAL PARTNERS Ltd.

(The reason for excluding these subsidiaries from consolidation)

Non-consolidated subsidiaries are excluded from the scope of the consolidation because these companies are small companies and the sums of each of the total assets, sales, net income (equal to share interest) and retained earnings (equal to share interest) of these companies have not had any significant impacts on the consolidated financial statements.

- ③ Changes of scope of consolidation

PT TAISEI PULAUINTAN CONSTRUCTION INTERNATIONAL and one other company are included in the scope of consolidation by new establishment.

(2) Equity method

- ① The number of companies accounted for using the equity method

Non-consolidated subsidiaries	20 companies
Affiliates	40 companies

Main affiliates accounted for using the equity method
TAISEI PHILIPPINE CONSTRUCTION, Inc.
P.T. INDOTAISEI INDAH DEVELOPMENT

- ② Non-consolidated subsidiaries and affiliates that have not been accounted for using the equity method

Main non-consolidated subsidiary that has not been accounted for using the equity method
TAIMEI INDUSTRIES Ltd.

Main affiliate that has not been accounted for using the equity method
NIGIYAKASHI RESIREIT BRIDGE TWO, LLC.

(The reason for excluding these subsidiaries and affiliates from scope of the equity method)

Non-consolidated subsidiaries and affiliates are excluded from scope of the equity method because not only each company's net income (equal to share interest) and retained earnings (equal to share interest) but also sums of each of these figures have no significant impact on the consolidated financial statements.

- ③ Changes of scope of equity method

1 non-consolidated subsidiary and 1 affiliate that were newly established and are included in the scope of equity method. Also, the Group sold shares of 2 affiliates and excluded from the scope of equity method.

(3) Summary of accounting policies

① Valuation of principal assets

【Securities】

- Debt securities intended to be held to maturity

Debt securities intended to be held to maturity are stated at amortized cost.

- Securities other than trading securities, held-to-maturity securities, and equity securities issued by subsidiaries and affiliates (hereafter “available-for-sale securities”)

Available-for-sale securities with fair market value

Available-for-sale securities with fair market value are stated at fair value as of the balance sheet date. The difference between the acquisition costs and the fair value is not reflected in income, but included directly in the net assets. Cost of selling available-for-sale securities is calculated by moving-average method.

Available-for-sale securities with no fair market value

Available-for-sale securities with no fair market value are stated at moving-average cost method.

【Inventories】

- Cost of uncompleted contracts

Cost of uncompleted contracts is mainly stated at the specific-identification cost method.

- Cost of development projects in progress

Cost of development projects in progress is mainly stated at the specific-identification cost method or net realizable value.

- Other inventories

Cost of other inventories

Cost of other inventories is mainly stated at the specific identification cost method or net realizable value.

Raw materials and supplies

Raw materials and supplies are mainly stated at the moving-average method or net realizable value.

【Derivative financial instruments】

Derivative financial instruments are stated at fair value.

② Depreciation method of principal depreciable assets

【Buildings and structures】

Buildings and structures are depreciated mainly using the straight-line method.

【Other tangible fixed assets】

Other tangible fixed assets are depreciated mainly using the declining-balance method.

③ Allowance

【Allowance for doubtful accounts】

Allowance for doubtful accounts is provided to reserve probable losses from bad debt. It consists of the estimated uncollectible amount of certain identified doubtful receivables and the amount estimated on the basis of the past default ratio for normal receivables.

【Allowance for warranties on completed contracts】

Allowance for warranties on completed contracts is provided as the amount estimated using an actual ratio of related losses during the past certain period.

【Allowance for losses on construction contracts】

Allowance for losses on construction contracts is provided with respect to construction projects for which eventual losses are reasonably estimated.

【Allowance for losses on order received】

Allowance for losses on order received is provided with respect to orders (excluding construction contracts) for which eventual losses are reasonably estimated.

【Retirement benefits for directors and corporate auditors】

In the Company’s certain consolidated subsidiaries, retirement benefits for directors and corporate auditors are provided 100% of the amount that would be required to be paid under assumption that all directors and corporate auditors retired at the balance sheet date in accordance with relevant internal rules.

【Allowance for losses on investments in subsidiaries and affiliates】

Allowance for losses on investments in subsidiaries and affiliates is provided for estimated losses from certain subsidiaries and affiliates in liquidation.

【Allowance for environmental measures】

Allowance for environmental measures is provided based on estimated costs for disposal of Polychlorinated Biphenyl ("PCB") waste, which is stated in the Act on Special Measures Concerning Promotion of Proper Treatment of PCB Waste.

【Allowance for losses on Anti-Monopoly Act】

Allowance for losses on Anti-Monopoly Act is provided based on estimated payment for penalties under the Anti-Monopoly Act.

④ Other accounting policies on the consolidated financial statements

【Recognition of retirement benefit】

Net defined benefit liability is provided for severance and retirement benefits for employees and executive officers of the Company's certain consolidated subsidiaries based on estimated amounts of projected benefit obligations and plan assets at the year-end.

In calculating projected benefit obligations, the method of attributing estimated amounts of retirement benefits to the period until this fiscal year is based on the benefit formula basis.

Past service costs are amortized using the straight-line method (some consolidated subsidiaries use the declining-balance method) over 1-10 years, which is not longer than an average remaining service period of the employees when the costs are incurred.

Actuarial gains and losses are amortized from the subsequent fiscal year (some consolidated subsidiaries amortize actuarial gains and losses from the current fiscal year) using the straight line method (some consolidated subsidiaries use the declining balance method) over 1-10 years, which is not longer than an estimated average remaining service period of the employees when the gains or losses are incurred.

【Revenue recognition of construction】

Contract revenue associated with construction contracts of which the outcome can be reliably estimated is accounted for by the percentage-of-completion method; otherwise contract revenue is accounted for by the completed-contract method. The percentage of completion at the end of the fiscal year is determined by the percentage of the cost incurred to the estimated total costs.

【Hedge accounting】

Gains or losses resulting from hedging instruments are deferred until related losses or gains on hedged items are recognized. For interest rate swap contracts which meet certain conditions, net amount to be paid or received under the contract is added to or deducted from interest on liabilities when the swap contract has been concluded.

【Amortization of goodwill】

Goodwill, which is the excesses of investment cost over net equity of consolidated subsidiaries and affiliates accounted for using the equity method, is amortized over the period less than 20 years for which the goodwill is expected to contribute to consolidated net income, using the straight-line method, or is charged to income in the year incurred if the amount of goodwill is immaterial.

【National consumption tax and local consumption tax】

National consumption tax and local consumption tax are excluded from other accounts in the financial statements.

【Income taxes】

Income taxes are calculated based on the system of consolidated tax returns.

2. Matters on Consolidated Balance Sheet

(1) Pledged assets and related debt

① Pledged assets

Land	¥ 6,310 Million
Investment securities	2,894 Million
Other assets (Investments and other assets)	1,589 Million
Buildings and structures	1,182 Million
Machinery, vehicles and equipment	10 Million
Total	11,988 Million

② Debt related to the assets

Short-term non-recourse loans payable	¥ 2,950 Million
Short-term borrowings	1,600 Million
Non-recourse bonds due within one year	500 Million
Total	5,050 Million

There are assets pledged as collateral for borrowings of non-consolidated companies other than above.

(2) Accumulated depreciation of tangible fixed assets ¥ 126,237 Million

(3) Contingent liabilities

① Contingent liabilities due to guarantees made

The Company and its consolidated subsidiaries are contingently liable as the guarantors for borrowings of the following companies that are not consolidated.

KAGA ASCON Co., Ltd.	¥ 506 Million
Housing loans sundries	304 Million
Others	108 Million
Total	918 Million

② Additional investment obligations

The Group is contingently liable to invest in the following Special Purpose Company for its repayment and other obligations of borrowings.

SURUGADAI KAIHATSU TMK.	¥ 15,680 Million
-------------------------	------------------

The amount indicates the Group's share of the additional investment obligations.

(4) Revaluation reserve for Land

Certain consolidated domestic subsidiaries revaluated their land in accordance with the Act on Revaluation of Land (the "Act"). As a result, differences between book values before and after revaluation and net income taxes were stated as "Revaluation reserve for land" in the net assets on the consolidated balance sheet.

• Revaluation method

The revaluation was executed in accordance with the method prescribed in Article 2, Items 3, 4 and 5 of the Act.

• Revaluation date

On November 30, 2001 and March 31, 2002

• Excess amount of book values of the revaluated land over fair values as of March 31, 2018 (including the excess amount of ¥-1,488 million related to investment and rental property.) [Negative sign "-" shows unrealized gain.]

¥ 2,374 Million

(5) Cost of uncompleted contracts in relation to
allowance for losses on construction contracts ¥ 630 Million

(6) Amount of notes receivable and notes payable with maturity on the balance sheet date (the bank holiday)

Notes receivable	¥ 592 Million
Electronically recorded monetary claims	¥ 1,066 Million
Non-operating notes receivable	¥ 53 Million
Notes payable	¥ 6,605 Million
Electronically recorded obligations	¥ 21,628 Million
Non-operating notes payable	¥ 8 Million

The accounting for the bills with maturity on the balance sheet date are processed on the clearing date or the settlement date.

3. Matters on Consolidated Statement of Income

(1) Net sales recognized on the percentage-of-completion method ¥ 1,177,100 Million
(2) Allowance for losses on construction contracts included in cost of sales ¥ 894 Million
(3) Research and development expenses ¥ 11,608 Million

4. Matters on Consolidated Statement of Changes in Net Assets

(1) Number of outstanding shares (in thousands share) 224,541

(2) Dividends

① Dividends paid

Resolution	Class of stocks	Total amount of dividends	Dividends per share	Record date	Effective date
June 29, 2017 Annual shareholders' meeting	Common stock	¥ 13,744 Million	¥ 12.00	March 31, 2017	June 30, 2017
November 10, 2017 Board meeting	Common stock	¥ 11,212 Million	¥ 10.00	September 30, 2017	December 4, 2017

Note: The dividends per share resolved at the board meeting on November 10, 2017, does not reflect the consolidation of shares executed on October 1, 2017.

② Dividends of the record date in the fiscal year ended March 31, 2018, which the effective date comes in the subsequent fiscal year

The Company will propose the policy of dividends on the common stocks at the annual shareholders' meeting on June 28, 2018 as follows:

• Total amount of dividends	¥ 16,818 Million
• Dividends per share	¥ 75.00
• Record date	March 31, 2018
• Effective date	June 29, 2018

The dividends will be allocated from retained earnings.

5. Matters on Financial Instruments

(1) Policies for using Financial Instruments

The Group restricts investments to low risk assets such as deposits, and raise funds by indirect finance such as borrowings from bank as well as by direct finance such as issuing corporate bonds and commercial papers.

Derivative financial instruments are employed mainly for hedging of the fluctuation of interest rate and foreign currency exchange, not for speculation.

(2) Fair Value of Financial Instruments

Millions of Yen

	Book value	Fair value	Difference
[ASSETS]			
① Cash and time deposits	687,456	687,456	–
② Notes and accounts receivable trade	441,630	441,627	(3)
③ Investment securities			
Debt securities intended to be held to maturity	661	677	15
Available-for-sale securities	270,937	270,937	–
[LIABILITIES]			
① Notes and accounts payable trade	509,576	509,576	–
② Short-term borrowings	87,029	87,113	(84)
③ Short-term non-recourse loans payable	2,950	2,966	(16)
④ Straight bonds due within one year	10,000	10,012	(12)
⑤ Non-recourse bonds due within one year	500	502	(2)
⑥ Deposits received	182,142	182,142	–

⑧ Long-term borrowings	106,899	107,812	(912)
[Derivative financial instruments] (*)	[10]	[10]	–

(*)Note The assets and liabilities are reported in net amount. [] sign shows net debt.

Note1: The calculation method of the fair value of financial instrument and securities, derivative transaction

[ASSETS]

① Cash and time deposits

The fair values of these financial instruments are almost equivalent to the book value, due to the short term settlements.

② Notes and accounts receivable trade

The fair values of these financial instruments are almost equivalent to the book value, due to the short term settlements; although, the fair value of notes and accounts receivable, trade due over one year are based on the present value of discounted cash flows using the interest rate determined by the factors of the estimated collection terms and credit risks, with respect to each receivable categorized by collection terms.

③ Investment securities

The fair values of the stocks are based on the quoted market value, and bonds are based on the market value, the price indicated by a third party such as broker or the present value of discounted cash flows.

[LIABILITIES]

① Notes and accounts payable trade, ②Short-term borrowings and ⑥Deposits received

The fair values of these financial instruments are almost equivalent to the book value, due to the short term settlements; although the fair value of long-term borrowings due within one year are based on the same method for long-term borrowings.

③ Short-term non-recourse loans payable and ⑧Long-term borrowings

The fair values of Short-term non-recourse loans payable and long-term borrowings are based on the present value of discounted cash flows using the supposed interest rate which may be applicable to the same kind of borrowings.

④ Straight bonds due within one year, ⑤Non-recourse bonds due within one year and

⑦ Straight bonds

The fair values of the marketable bonds are based on the quoted market value, otherwise the fair values of the bonds are the present value of discounted cash flows using the interest rate determined by the factors of the estimated redemption terms and issuer's credit risk.

[Derivative financial instruments]

The fair values of derivative financial instruments are based on the prices calculated by correspondent financial institutions.

The fair values of interest rate swap contracts which meet certain conditions are included in the fair value of corresponding long-term borrowings (if due within one year, short-term borrowings) since such swap contracts are embedded derivatives which should not be separated from underlying transactions (i.e. borrowings).

Note2: Financial instruments which are difficult to calculate the fair value

Non-marketable securities (book value amount ¥65,782 million) are not included in the above [Assets]

③ Investment securities - Available-for-sale securities; since it is difficult to calculate the fair values because they have no quoted market price and the future cash flows cannot be estimated.

6. Matters on Investment and Rental Property

(1) Context of investment and rental property

The Company and certain consolidated subsidiaries hold some office buildings for rent in Tokyo and other areas.

(2) Fair value of investment and rental property

Millions of Yen	
Book value	Fair value
82,447	100,064

Note1: The book value is the amount after accumulated depreciation and impairment losses on fixed assets are deducted from the cost of acquisition.

Note2: The book value includes asset retirement obligations (¥205 million).

Note3: The fair value of investment and rental property as of March 31, 2018 is mainly calculated by the Company according to the Japanese Real Estate Appraisal Standards. (it may include adjustments using official indices.)

7. Matters on Per Share Data

(1) Net assets per share (in Yen) ¥ 2,975.02

(2) Net income per share (in Yen) ¥ 561.36

Note: The net assets per share and the net income per share are calculated assuming that the consolidation of shares took place at the beginning of the fiscal year, because the consolidation of shares, at the ratio of 1 share for 5 shares, was implemented on October 1, 2017.

NOTES TO NON-CONSOLIDATED FINANCIAL STATEMENTS

Basis of Presenting Non-consolidated Financial Statements:

The accompanying Non-consolidated financial statements of Taisei Corporation (the “Company”) has been prepared in accordance with the provisions set forth in the Japanese Companies Act and its related accounting regulations, and in conformity with accounting principles generally accepted in Japan (“Japanese GAAP”), which are different in certain respects as to application and disclosure requirements of International Financial Reporting Standards.

1. Principal Accounting Policies

(1) Valuation of assets

【Securities】

- Debt securities intended to be held to maturity

Debt securities intended to be held to maturity are stated at amortized cost.

- Equity securities of the Company’s subsidiaries and affiliates

Equity securities of the Company’s subsidiaries and affiliates are stated at cost based on the moving-average method.

- Securities other than trading securities, held-to-maturity securities, and equity securities issued by subsidiaries and affiliates (hereafter, “available-for-sale securities”)

Available-for-sale securities with fair market value

Available-for-sale securities with fair market value are stated at fair value as of the balance sheet date. The difference between the acquisition costs and the fair value is not reflected in income, but included directly in net assets. Cost of selling available-for-sale securities is calculated by the moving-average method.

Available-for-sale securities with no fair market value

Available-for-sale securities with no fair market value are stated at moving-average cost.

【Inventories】

- Real estates for sale

Real estates for sale are stated at the specific-identification cost method or net realizable value.

- Cost of uncompleted contracts

Cost of uncompleted contracts is stated at the specific-identification cost method.

- Cost of development projects in progress

Cost of development projects in progress is stated at the specific-identification cost method or net realizable value.

- Raw materials and supplies

Raw materials and supplies are stated at the moving-average method or net realizable value.

【Derivative financial instruments】

Derivative financial instruments are stated at fair value.

(2) Depreciation method of fixed assets

【Property, plant and equipment】

- Buildings and structures

Buildings and structures are depreciated using the straight-line method.

- Other tangible fixed assets

Other tangible fixed assets are depreciated using the declining-balance method.

(3) Allowance

【Allowance for doubtful accounts】

Allowance for doubtful accounts is provided to reserve probable losses from bad debt. It consists of the estimated uncollectible amount of certain identified doubtful receivables and the amount estimated on the basis of the past default ratio for normal receivables.

【Allowance for warranties on completed contracts】

Allowance for warranties on completed contracts is provided as the amount estimated using an actual ratio of related losses during the past certain period.

【Allowance for losses on construction contracts】

Allowance for losses on construction contracts is provided with respect to construction projects for which eventual losses are reasonably estimated.

【Retirement benefits for employees】

Retirement benefits for employees are provided for their severance and retirement benefits based on estimated amounts of projected benefit obligations and plan assets at the year-end.

Past service costs are amortized using the straight-line method over 10 years, which is not longer than an average remaining service period of the employees when the costs are incurred.

Actuarial gains and losses are amortized from the subsequent fiscal year using the straight-line method over 10 years, which is not longer than an average remaining service period of the employees when the gains and losses are incurred.

【Allowance for losses on investments in subsidiaries and affiliates】

Allowance for losses on investments in subsidiaries and affiliates is provided for estimated losses that exceed amounts of investments and loans to the companies.

【Allowance for environmental measures】

Allowance for environmental measures is provided based on estimated costs for disposal of Polychlorinated Biphenyl ("PCB") waste, which is stated in the Act on Special Measures Concerning Promotion of Proper Treatment of PCB Waste.

(4) Revenue and cost recognition

【Revenue recognition of construction】

Contract revenue associated with construction contracts of which the outcome can be reliably estimated is accounted for by the percentage-of-completion method; otherwise contract revenue is accounted for using the completed-contract method. The percentage of completion at the end of the fiscal year is determined by the percentage of the cost incurred to the estimated total costs.

(5) National consumption tax and local consumption tax

National consumption tax and local consumption tax are excluded from other accounts in the financial statements.

(6) Other accounting policies on the non-consolidated financial statements

【Retirement benefits for employees】

The accounting treatment on unrecognized actuarial gains and losses and unrecognized past service cost with respect to retirement benefits is different from that applied in the consolidated financial statements.

【Hedge accounting】

Gains or losses resulting from hedging instruments are deferred until related losses or gains on hedged items are recognized. For interest rate swap contracts which meet certain conditions, net amount to be paid or received under the contract is added to or deducted from interest on liabilities when the swap contract has been concluded.

【Income taxes】

Income taxes are calculated based on the system of consolidated tax returns.

2. Matters on Non-consolidated Balance Sheet

(1) Pledged assets and related debt

① Pledged assets

Investments to subsidiaries and affiliates	¥ 2,194 Million
Long-term loans receivable	1,383 Million
Total	3,578 Million

② Debt related to the assets

¥ — Million

The assets are pledged as collateral for borrowings of affiliates.

(2) Accumulated depreciation of tangible fixed assets

¥ 53,421 Million

(3) Contingent liabilities

① Contingent liabilities due to guarantees made

The Company is contingently liable as the guarantor for borrowings of the following companies.
